EMPOWERING
WOMEN THROUGH
EDUCATION

WHEC in collaboration with WHO and UNESCO embraces collective approach to forward looking vision of what Quality Education can do.

TOOLS FOR CHILD DEVELOPMENT

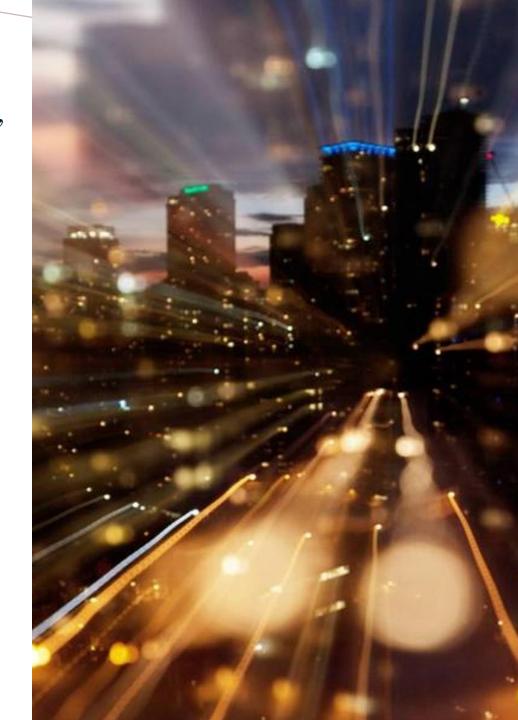

- To help teachers improve learning-skills of students;
- To help boys and girls, stay in school, continue to stay focused on the productive future;
- To encourage girls, women and minorities in STEMM programs;
- To improve their learning potential;
- To help students learn the skills they need for leadership-roles and good role-models.

Learning Life-Lessons Series:

- Learn to Learn;
- Learn to live together;
- Learn to be;
- Learn to handle life's challenges.

OUR PROJECTS PROGRAMS ARE HELPING SCHOOLS, EDUCATORS, AND STUDENTS

- 1. Health Promoting Schools;
- 2. Programs for Youth Development;
- 3. Mental Health Programs to Prevent Gender & Gun violence;
- 4. How to handle life's challenges for good mental health;
- 5. Emotional Intelligence;
- 6. Harnessing the digital revolution for the benefit of public education.

SUMMARY & TAKEAWAYS

- Robust digital infrastructure, including interoperable systems, is essential for bridging the digital divide.
- Enabling interconnectivity for inclusive global participation in Science, Technology and Innovation (STI) and health development is essential.
- Sexual and reproductive health is critical to health and wellbeing across the life span, and must be integrated in universal health coverage.
- Science and knowledge translation in reproductive health research and dissemination with the healthcare providers worldwide and communities, is the purpose of WHEC's LINK Access Project.
- Leading lifelong learning for a healthier world is our mission.
