### Overview

WomensHealthSection.com is a global, Web-enabled platform for multiple forms of collaboration. This platform enables individuals, groups, companies, and universities anywhere in the world to collaborate – for the purposes of innovation, education, research and to advance the causes of peace, health and development. It has reached 205 countries and territories and linked to 6,500 US Educational sites / libraries; 20,800 online courses in developing countries; 30,000 websites and we get about 15,000 to 20,000 visitors per day; (400,000 per month, and 4.5 million visitors a year). It is an Open Access Journal in Women's Healthcare and its popularity is growing fast with US Education, in USA and other countries. We invite you to tap into this platform, and finally, the governance to get the best out of this platform.

The articles in e-learning publication WomensHealthSection.com provide an overview of current clinical management guidelines in Women's Health, focusing on the components integral to providing optimum care. The articles are designed for all members of the interdisciplinary team: physicians, physicians-assistants, nurse practitioners, midwives, nurses, social workers, therapists and other members seeking to enhance their knowledge of women's health and appropriate care and management. WomensHealthSection.com is a vision for the Globalized World. The use of information science and telecommunications to support the practice of medicine when distance separates the caregiver from the patient is the way forward to make medical care more affordable and more accessible in every country. Our goal is to promote excellence in the clinical practice of obstetrics and gynecology and closely related fields.
